Objectives:

• To improve student learning, to increase staff development opportunities, and to enhance College resources through a deliberate strategy of developing positive and purposeful partnerships with organisations, businesses and societies that exist within the community.

Guidelines:

• The Policy and Planning Sub-Committee will seek College Council approval before finalising any sponsorship/partnership arrangements. Any pecuniary interests by College councillors must be declared to College Council at the time of presentation of any sponsorship/partnership arrangements.
• All sponsorship/partnership arrangements will be considered by College Council on merit, and decisions will be made on a case-by-case basis.
• When pursuing potential sponsorship/partnership arrangements, the College will adhere to the following code of ethics:-
  • Sponsorships/Partnerships will only be sought with organisations, companies and societies where a clear and demonstrable benefit for the students and the College’s programs can be guaranteed.
  • Sponsorship/Partnership arrangements must take into account the values and views of the College community, as well as the College charter and policies.
  • Sponsorship/Partnership arrangements will only be entered into with organisations, companies and societies that have a positive public image, and are associated with products and services appropriate for the College to align themselves with.
  • Arrangements must not be entered into with companies directly involved with tobacco or alcohol products.
  • Sponsorship/Partnership arrangements that contain restrictions regarding the College’s ability to purchase goods and services freely, or restrict the College’s ability to make choices in any way, will be avoided.
• The College may publicly acknowledge the organisations, businesses or societies involved in such a sponsorship/partnership.
