Vocational Education and Training Delivered to School Students (VETDSS) Programs In the South East

WHAT IS VDSS?

Vocational Education and Training Delivered to School Students (VETDSS) allows secondary students to gain practical skills in a specific industry while contributing toward the completion of the Victorian Certificate of Education (VCE), VCE Vocational Major (VCE VM) or Victorian Pathways Certificate (VPC).

VET courses available!

FEATURES OF VDSS

- VET enables students to gain qualifications for all types of employment, and specific skills to help them in the workplace.
- Undertaking VET while at school allows students to mix general and vocational education and to make a start on training for a career before they leave school.
- VET programs are typically completed over two years and provide students with a qualification or partial completion of a nationally recognised certificate.
- Students can also study VET through school-based apprenticeships or traineeships (SBATs).

CREDIT TOWARDS THE VCE, VCE VM AND VPC

VCE VET programs are made up of VET qualifications approved by the Victorian Curriculum Assessment Authority (VCAA) to contribute towards the VCE, VCE VM or VPC. All VCE VET programs contribute to VCE Units that provide credit towards the VCE and VCE VM in the same way as a VCE study. Most VCE VET programs can provide credit for VCE Units 1-4. A small number of shorter qualifications can provide credit for VCE Units 1&2 only. Each completed 90-hour block of VET equals one VPC credit.

The Senior Secondary Certificates in Victoria are undergoing reform. From 2023 the VCE Vocational Major will replace Intermediate and Senior VCAL and the Victorian Pathways Certificate will replace Foundation VCAL. At the time of printing this publication advice is being provided to schools regarding the implementation arrangements for the new certificates for 2023. The South East VET Cluster

The South East VET Cluster consists of 40 representatives from Government Schools, Catholic Schools, Independent Schools, Special Schools, private RTO's and TAFE. The cluster meets on average about seven times in an academic year.

The South East VET Cluster works together to make VET courses more accessible to young people helping them to make better choices when selecting a career pathway. Young people can choose from over 36 different VET courses at 17 locations in the South East region.

Applications for VET courses are made via the South East VET Web Portal.

The South East VET Cluster is proudly supported by the South East LLEN.

For further details regarding the VET program visit the South East LLEN website.
